Reneal International Education Outreach

## A message from the Board

2023 was another exciting year for Reneal, thanks to the continued generous support of Apto Solutions, a US-based IT asset management company, and Network the World. Reneal reached Lindi and Mtwara Regions and now serves students in six regions. Reneal has fielded 82 computer labs in government secondary schools in Tanzania. Through a partnership with the Australian NGO Teacher-in-a-Box, Reneal also deployed used micro desktops from Apto Solutions to create three educational hot-spots in government secondary schools.

*"On behalf of everyone at our school we serve  
thank you for your additional support to  
our school"...Irkisale Secondary School*

## How to help

ReNeal welcomes monetary contributions to purchase and ship computer equipment and to fund scholarships for students with academic promise and financial need. ReNeal International Education Outreach Incorporated is a 501(c)(3) public charity, so all donations are tax deductible to the maximum extent allowable by law.

Corporations and individuals can also turn obsolete computer equipment into opportunity for students and teachers.
